

SOURCES OF FINANCIAL AID

This table summarizes all aid administered by or reported to the Financial Aid Office for all enrolled students. Financial aid to students participating in study abroad programs is included. Aid from all the sources listed below can appear within financial aid packages except PLUS (parent loans), "other" loans, and some (non-need based) Haverford College employment categories.

"Other" loan figures are estimated. Haverford College employment figures are estimated by subtracting the Federal Work Study (FWS) payroll from the College's total student wage expenditure for the year.

	FY09		FY10		FY11		FY12		FY13(est)
